# OUR STORY...

Our story begins with one of our Co-Founders Daniel Jimenez conducting a Christmas Toy Drive in 2008. Giving out toys in orphanages in the Bronx and family homeless shelters throughout the years. Through the years we have given over 60,000+ to children in the five boroughs. Having all these amazing experiences Co-Founders Daniel Jimenez and Henry Rodriguez decided that we should start up a non-profit organization where we can bring families of different communities together.

## OUR MISSION

Our mission is to promote strength, unity and independence by improving the quality of life for all members of the community by offering a vast array of programs, services and resources.

At Inhisname United we believe in Teamwork. It's no secret that nonprofits can do amazing things with a shoestring budget. Those incredible efforts are only possible with teamwork and a passionate group of people who are greater than the sum of their parts. Regularly tending to and nurturing those relationships helps organizations flourish and continue to do the essential work they need to do.

Hunger is a very serious problem in the United States today. Making our communities better is something we strive for. We have partnered up with major Food Organizations and Food Pantries, and have distributed tens of thousands of meals to different communities. We continue to do our very best to give food to as many people throughout the community.

## COMMUNITY ENRICHMENT PROGRAMS

Inhisname United has conducted several community enrichment programs, in collaboration with several agencies, Family Homeless Shelters, Men's Shelters, local businesses including Supermarkets, Opticals Restaurants, Retail Stores, and local stores. We assist homeless shelter residents and members of our community connect with potential employers and find suitable employment.
